Following the diagram, sew each Light/Medium Dark square together with a light medium square and assemble the corner squares according to the diagram.

Square up all units to 4 1/2" and assemble the block according to the shaded diagram.

***To make quarter square triangles:** On the back of the lighter of the fabrics, draw a line diagonally from corner to corner. Then another line diagonally from corner to corner making an X. These will be cutting lines. Then 1/4" on either side of one of the lines, draw 2 stitching lines. With two squares, right sides together, sew on the two outside stitching lines. Then cut into 2 halves on the line between the two stitching lines. Then divide those two parts on the other line. Press out and you will have 4, 1/4 square triangles.
