AETHER Supply List

Please bring the following to class:

BASIC SEWING SUPPLIES

A list of basic sewing supplies needed for class can be found here: https://pattymurphyhandmade.com/basic-sewing-supplies/

If there are any tools not listed that you need to be successful in class (a specific rotary cutter, ruler clamps, etc.), please bring it.

Please bring batting for your design wall.

Please bring safety pins

PATTERN AND TEMPLATE

You will need to purchase a copy of the Aether Quilt pattern BEFORE class. The pattern can be found here: https://pattymurphyhandmade.com/product/aether-quilt-pdf-pattern/

A paper template is included in the pattern but there is an optional acrylic template available for purchase here:

https://pattymurphyhandmade.com/product/aether-orange-peel-template/

FABRIC FOR THE BACKGROUND: You will need at least ½ yard cuts of a variety of ombré fabrics to create the background and side setting pieces. I recommend buying ½ yard bundles of Jennifer Sampou's SKY ombré fabrics but you are welcome to use any background you like. You can choose from multiple collections. (https://www.jennifersampou.com/store/p380/Aether_Quilt_Bundle.html)

You do not need all the bundles. You can buy the ones you like, or you may buy ½ yard cuts of any ombré fabrics. The more variety of ombré fabrics you have, the easier it will be to blend between colors. Please keep in mind that if you plan to make a vibrant rainbow, you may need more pieces than someone making a subtler version of this quilt. You are not required to use Jennifer's SKY ombrés for the background. You may use any ombré fabric you like or you may use another fabric or fabrics that suits you.

FOR THE ORANGE PEELS If you are using a fabric with a small repeat a 6'' x 12'' rectangle is sufficient for one Orange Peel. Larger florals for fussy cutting require at least one repeat (usually ½ 5/8 yard). The more floral fabrics you have to create a rainbow, the easier it is to blend pieces together. Large scale florals work well for this quilt because you can transition between colors. Some smaller scale prints work, as well. Kaffe Fassett Collective, Anna Maria Parry, Sally Kelly, Tula Pink all work well for

large scale florals. I used 100 different floral fabrics for the orange peels on my Aether Quilt.

FUSIBLE*/APPLIQUÉ

You can appliqué the Orange Peels 3 ways: fusible, needle turn, or using a lightweight interfacing to sew onto the top of the Orange Peel then flipping right side out.

FUSIBLE: 2-3 yards of 20'' wide fusible, paper-backed web such as Heat N Bond, Steam A Seam, Steam A Seam Lite, etc. You can use your fusible of choice.

USING NON FUSIBLE LIGHTWEIGHT INTERFACING: 4 yards of 60'' wide non fusible lightweight interfacing of choice.

NEED HELP?
